The Merseyside Transport Partnership (MTP) consists of Knowsley, Liverpool, Sefton, St Helens, and Wirral Councils and Merseytravel.

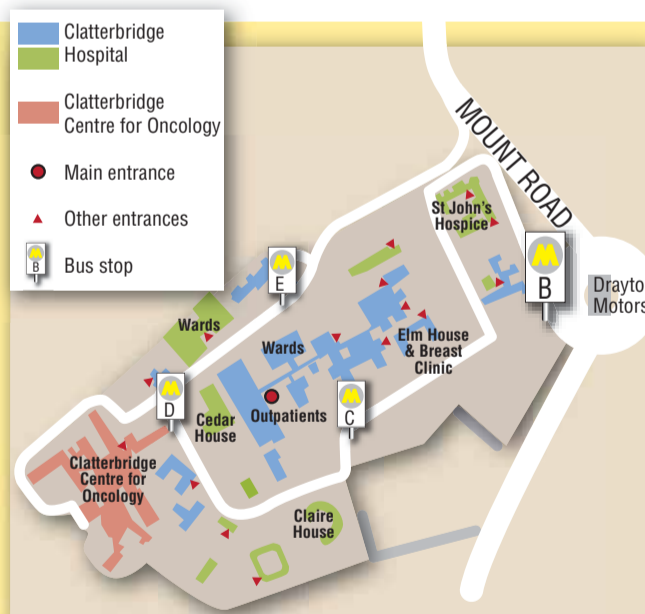

TravelWise is the partnership's campaign to help people on Merseyside make sustainable transport choices - public transport, walking, cycling and using cars wisely.

We are dedicated to promoting sustainable transport measures and managing our transport plans in order to reduce the impact we have on our local community and the environment and regularly monitor the plan to ensure that we meet our objectives and can introduce new measures as we progress.

At Clatterbridge Health Park, there are frequent bus stops and drop-off points that are conveniently positioned close to clinics and specialist departments giving patients easier access to the areas they want to get to to receive the care they need.  
 We are dedicated to promoting sustainable transport measures and managing our transport plans in order to reduce the impact we have on our local community and the environment and regularly monitor the plan to ensure that we meet our objectives and can introduce new measures as we progress.
